Ref our F 32675 of 15 April. Subject is admission to PALESTINE of Jewish refugees from ITALY.

Notification has been received from High Commissioner, PALESTINE, that Colonial Office has made available 240 certificates for principal immigrants for "Refugees from FERRAMONTE". We surmise these certificates may be the same as those mentioned in our F 32675 but SHERTOK should be able clarify. Permit for 240 certificates covers in addition undefined number dependents of these principal immigrants, that is to say wives, children under 18 years, fatherless grandchildren under same age, and also relatives other than the foregoing (for example aged parents) who will be wholly and directly dependent for maintenance upon a principal immigrant. High Commissioner estimates that resulting total may be about 500.

No decision yet as to temporary appointment of Representative Jewish Agency as mentioned in our F 27287 of 4 April. Suggested therefore that SHERTOK selects Immigrants and we will confirm with PALESTINE Government that this is acceptable to them and inform you. We will also enquire of High Commissioner and MIDEAST as to arrangements for transportation refugees to PALESTINE of which none should be moved pending further instructions. Please report on progress indicating date when whole group or part thereof will be ready for movement.

REFERENCE NO. THIS MESSAGE: I 208, 19 June 1944

Following for HEATHCOTE SMITH, Resident Representative Inter-governmental Committee on Refugees from High Commissioner PALESTINE.

1. Your IGCR/PAL/2 of 26 May: Under heading Finance, mention is made of type(?) of currency handed in by refugees prior to departure from ITALY. This was not received with memorandum under reference. Grateful if it may now be sent.

2. Para 3 C, your IGCR/PAL/1 undated concerning immigration to PALESTINE of 300 heads of families. I have no knowledge of delegation of authority to select immigrants. It is desirable that ultimate decision should rest with you or Allied Central Commission after consultation with most reliable persons available for purpose. In spite of frequent reminders Jewish agency has not yet nominated representative in ITALY, but I have no objection to your acting on advice of SERENI if you see fit. His advice will probably be sound but you need not feel bound to follow it. I concur in decisions taken by you on other doubtful points as explained in memorandum under reference.
